FOR IMMEDIATE RELEASE

Deloitte & Touche Reveals Fastest Growing Technology Companies in Texas

SyChip Tops Deloitte's Texas Technology Fast 50 Ranking of Fastest-Growing Technology Companies, with 20,030 Percent Growth Over Five Years

DALLAS, Sept. 6, 2005 — SyChip, Inc. of Plano tops the list of the fastest growing technology companies in Texas as recognized by Deloitte & Touche USA LLP. The Texas Technology Fast 50 is the only annual award program that ranks technology companies located in Texas by revenue growth over five years.

“Deloitte’s Texas Technology Fast 50 companies have shown the strength, vision and temerity to succeed in today’s very competitive technology environment,” said Skip Moore, regional managing partner, Technology, Media & Telecommunications, Deloitte & Touche LLP. “We applaud the successes of these companies and their ability to achieve these impressive growth rates over the past five years.”

Topping the list is SyChip, Inc. with a revenue growth rate of 20,030 percent over five years. The Plano-based company develops and markets radio frequency chip scale modules for the mobile market.

Second on the Texas Technology Fast 50 is NewMarket Technology, Inc. of Dallas with a revenue growth rate of 18,082 percent over five years. NewMarket Technology is focused on launching emerging technologies for today’s business environment.

Third on the list is PreCash of Houston with a revenue growth rate of 14,887 percent over five years. PreCash offers an electronic payment card that allows consumers to easily pay cash for prepaid and postpaid subscription-based service accounts.

NetQoS Inc. of Austin ranked fourth with a revenue growth rate of 8,919 percent over five years. NetQoS delivers products and services that optimize the performance of enterprise networks.

Rounding out the top five is SiteStuff, Inc. of Austin with a revenue growth rate of 6,155 percent over five years. SiteStuff, Inc. is a leading procurement company in the commercial real estate industry.

Winners are selected based on percentage revenue growth over five years from 2000 to 2004. To be considered, Technology Fast 50 entrants must: have operating revenues of at least \$50,000 in 2000 and at least \$1,000,000 in 2004; be headquartered in Texas; be a “technology company,” defined as a company that owns proprietary technology that contributes to a significant portion of its operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology in a unique way does not qualify. Subsidiaries and divisions are not eligible, unless they have some public ownership and are separately traded.

A special category called “Rising Stars” recognizes the ten fastest growing technology companies in Texas based on revenue growth over three years (2002–2004).
